Entrepreneur | AWS Consultant | Data Scientist | Trainer | AI & ML Researcher

Looking for AWS Architect role or AI/ML research in a challenging environment involving real life applications of technology.

Summary:

- Close to ~15+ years of experience in Software Development, testing, QA and sustaining. Extensive hands-on experience in all phases of SDLC and CI/CD pipeline, AWS cloud, BigData, IOT, AI/ML.
- It has been remarkable and fulfilling career path for me till now
Adding to my career technologies from
High-end servers > OS internals > High-end Storage > Storage Internals > Virtualization > Cloud IaaS > Data Science, Machine Learning and AI
- Presently working as
 - Consultant AWS coach: in cloud technology(Well versed with most of AWS services and good hands-on experience)
Accure Analytics Pvt Ltd (www.accureanalytics.com)
 - Trainer: Training on Cloud, AWS Services, DevOps, Python, Artificial Intelligence and Machine learning Data Science
 - Founder: Anuncio Technologies Pvt Ltd,
www.hoardingkart.com
www.anuncio.in
www.chaipe.in
 - Research: Have passion for AI and Machine learning technologies
I spend good amount of time in learning and training various datasets.
- Good knowledge of Installing, Configuring, Managing, capacity planning and administering AWS Cloud services. Research experience in AI/ML eco-system components and tools
- Working knowledge of R and Python to statistically analyze and explore Data.
- At IBM, lead team of 16 engineers in virtualization and Power Hypervisor testing.
 - Developing visions and test goals, define technical specifications and detailed implementation plans
 - Project management of goals, timelines, communication, and cross team deliverables for more then 10 set of feature areas
Integrated Devops culture in team and brought hypervisor testing under CI/CD pipeline using Jenkins.
 - Effectively apply service, product, market and project management skills to drive product and service success
- Carry Entrepreneurial spirit, bold to take risks and try new ways of solving problems
- Well versed in end to end software test practices

- Involved in sustaining and development of multiple software products across servers, storage and virtualization domains
- Good communication/interpersonal skills and team player
- Experienced in leading and managing small teams, with all managerial skills set.
- Effective team leader, I believe in leading by example
- Very good in problem solving and multitasking
- Well versed in Python, C, shell and Perl programming
- Sales process aware, helped newly recruited sales people in multiple training workshops by enacting as customers in sales training workshops in IBM.
- Business and sales experience in outdoor advertising industry.
- Good at building strategy for the team in project execution

Present Work Experience:

- **Founder** Anuncio Technologies Pvt Ltd (www.boardsketch.com , www.chaape.in),
- **Trainer** in Cloud, Data science and AI/ML technologies
- **Consultant** AWS Cloud services, BigData, DevOPS (<http://www.accuranalytics.com>)

Previous Employers:

- IBM India Pvt Ltd
Advisory Systems Software Engineer (5years)
- EMC2 Data Storage Systems India Pvt Ltd (Now Dell EMC)
Principal Software Engineer (~3years)
- Sun Microsystems India Pvt Ltd (Now Oracle)
Member of Technical Staff-II (~5years)

Skill Set:

Languages: Python, Java, C, Node.js, scala

Scripting Languages: Perl, bash, csh

AWS Cloud: AWS VPC, EC2, S3, RDS, EFS, IAM, ELB, Route53, Glacier, ElastiCache, API Gateway, Lambda, Redshift, Kinesis, DynamoDB, EMR, SNS, SQS, Athena, CloudWatch, DeepLens, Lex etc

DevOps: Git, Jenkins, AWS CodeStar, CodeCommit, CodeBuild, CodeDeploy, CodePipeline

Database : MySQL

BigData Framework : Spark Hadoop

Other relevant Tools: Github, , Visual Studio, Unity 3D

Virtualization: PowerVM, Vsphere 4.1, ESX4.1

Platform Architecture: AWS Cloud, IBM Power servers, EMC Symmetrix series

Operating Systems: Solaris, Linux, Windows, AIX, VMware ESX

IOT: GreenGrass, IOT core, Kinesis Streams, Firehose, Analytics

ML Tools/Libraries : Scikit-learn, ImageAI, Pandas, Numpy, matplotlib, Tableau

Online repository : Kaggle , github

Deep Learning Frameworks : TensorFlow, Keras, Amazon SageMaker

Functional Programming: python, Jupyter Notebook

S/W Development Process: Agile

Other Areas of Interest

- Cosmology
- Quantum Computing

Hobbies & Activities

- Fitness
- Exploring business opportunities and Entrepreneurship
- long drives and Traveling

Professional Certification and Awards:

- Received IBM excellence award for providing critical support during FW760 release
- EMC Certified professional in INFORMATION STORAGE AND MANAGEMENT
- Received EMC star award for contribution towards SPM release
- SUN CERTIFIED SYSTEM ADMINISTRATOR FOR SOLARIS-9
- Received IEC (India Engineering Center) excellence award for individual contributor in Sun Microsystems
- (CCNA) Cisco Certified Network Associate (2002-2003), B.V.B CET

Academic Profile:

- **Bachelor of Engineering** in *Information science and Engineering* with First class from **B.V.B CET(2003)**, Hubli, Karnataka, India.
- **AISSE** and **AISSCE** with Distinction (**1999**) and First Class (**1997**) respectively from CBSE.

Personal Details:

Nationality : Indian
Current Location : Bangalore
Email : syedr2001@gmail.com
Mobile No : +91-9110275164

About Me:

Seasoned IT and Business professional, with variety of exposure.

I had been doing bootstrapped startup in the field of OOH advertising,
Have good experience in all spheres of business. Running Strategy, Technology,
operations and Sales.

Expert in IT infrastructure, server, Storage, Virtualization, cloud computing, DevOPS,
Bigdata , IOT, AI and ML technology.

Great motivator to team, I believe in leading by example, so always ready to roll my
sleeves and sit with engineers to fix the issue.

Extremely knowledgeable in new-age IT skills,
Well versed on all horizontals in agile SDLC and depth in above mentioned Technology.
Can architect solutions for any use case on AWS.

Awed reader of new technology and very quick learner.
Love getting hands on with coding at different spheres of technology,
Basically I can do any job well that interests me.

Passionate about new technologies like Quantum Computing, Artificial Intelligence and
Machine Learning research.

I carry entrepreneurial thinking with lots of new Ideas.
Would be glad to shake hand with you.

Cheers,
Riaz
